

Rond Microfibre Excellence Roller

Super-fine finish and excellent performance on smooth surfaces

This roller's advanced technology will let you obtain the finest finish and best performance with acrylic paints.

Its composition will allow you to greatly reduce paint splatter.

Performance

5/5

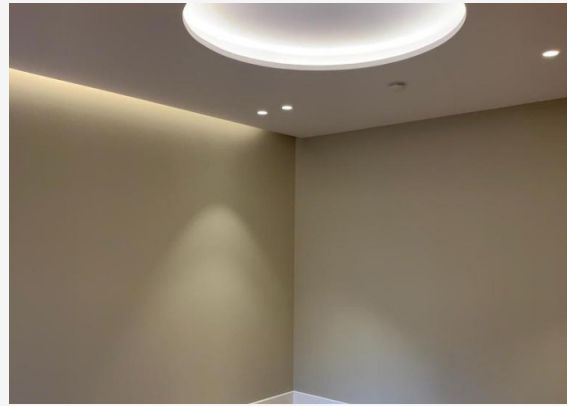

Splatter

5/5

Super-fine, airless-type finish

Thanks to the composition of its “Excellence” material, it leaves a perfect finish with less effort when evening out.

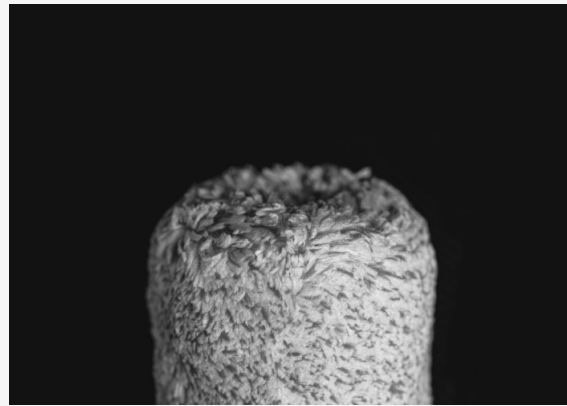

Splatter-free ceilings

The material retains and unloads paint in a controlled manner to avoid splatter.

Larger area in a shorter time

The premium 11-mm microfibres allow you to stretch the paint out further.

ROND, anti-mark rounded ends

Rounded ends for cutting-in and to prevent marks.
